

If You Can Hear Me  
Ben Rector

Intro: **G# C# Fm Eb** x2

**G# C# Fm Eb**  
Sometimes the devil sounds a lot like worry  
**G# C# Fm Eb**  
Treading a well-worn path into my soul  
**G# C# Fm Eb**  
And it don t sound evil oh but my heads burning  
**G# C# Fm Eb**  
And I know

**C# G#**  
So if You can hear me  
**Fm Eb**  
I could use You right about now  
**C# G#**  
If You can hear me  
**Fm Eb**  
I could use some peace  
**C# G#**  
Because the devils walking in my soul  
**Fm Eb**  
And all I really want to know  
**C# G#**  
Is You can hear me  
**Eb**  
You can hear me

**G# C# Fm Eb**  
Sometimes the devil sounds a lot like Jesus  
**G# C# Fm Eb**  
Telling me I m not enough  
**G# C# Fm Eb**  
But I don t believe it, no no. But I can feel it  
**G# C# Fm Eb**  
And I need You so, yes I need You so

**C# G#**  
So if You can hear me  
**Fm Eb**  
I could use You right about now  
**C# G#**  
If You can hear me  
**Fm Eb**  
I could use some peace

Because the devils walking in my soul

And all I really want to know

Is You can hear me

You can hear me

I believe that there is someone watching over me

And I believe that is enough

Cause I believe it don t make it easy

So I need to know that You can hear me

So if You can hear me

I could use You right about now

If You can hear me

I could use some peace

Because the devils walking in my soul

And all I really want to know

Is You can hear me

You can hear me
