Wildfire by Ben Rector

Intro - **F Dm Bb C**

F **Dm**
I never was much good at hoping
Bb **C** **F**
Until you took my heart and tore it open
Dm
Never understood what love was
Bb **C** **F**
Until I took your hand with the lord above us

Chorus:

C **Dm**
And then you caught flame like a wildfire
Bb **F**
You came a running to my life
C **Dm**
And you light up the dark but I can't see
Bb **C** **F**
How you belong to a boy like me

(Intro Chords)

F **Dm**
And I have learned that you're not perfect
Bb **C** **F**
And that sometimes the one you love can burn you
F **Dm**
It's just the fools looking backwards
Bb **C** **F**
A bitter heart turns the love we made to ashes
Bb **C** **F**
A bitter heart turns the love that we made to ashes

C **Dm**
And then you caught flame like a wildfire
Bb **F**
When I'm with you I'm so alive
C **Dm**
And you light up the dark but I can't see
Bb **C** **F**
How you belong to a boy like me

(Intro chords)
