

Cornerstone

Benjamin Clementine

[Intro] C Em C Em C

I m alone in a box of stone
When all is said and done
As the wind blows to the east from the west
Unto this bed, my tears have their solemn rest

[Refrão]

I am lonely, alone in a box of stone
They claim to love me but they all lying
I been lonely alone in a box of my own
And this is the place, I now belong
Its my home, home, home, home, home, home, home
Its my home, home, home, home, home, home, home

It wasnt easy getting used to this
I used to scream
Its not true, that its only when the door is locked
That nobody enters
Cuz mine has been open till your demise
But none had come, well who am I
What have I done, what have I done?

[Refrão]

I ve been lonely, alone in a box of my own
They claim to be near me but they were all lying, it s not true
