

Just Breathe

Benjamin Francis Leftwich

G **D**
Stay, I could be your hiding place
Em **C**
Together we ll weather the storm
G **D**
If you stay, I could be a fall from grace
Em **C**
When the heavens, say we ll never belong

D
Any time you re losing touch
G **D** **Em**
Just breathe, I ll catch you on the way down
C **D**
We can turn around, the weight of the sky on top of us
G **D** **Em**
Just breathe, I won t let you fade out
C **D**
We can turn around, the weight of the sky on top of us
G
Just breathe

G **D**
Stay, tell me that it s not too late
Em **C**
To recover, to get over life before
G **D**
Nothing s changed, every time your body breaks
Em **C**
I ll come running, so you never have to fall

D
Any time you re losing touch
G **D** **Em**
Just breathe, I ll catch you on the way down
C **D**
We can turn around, the weight of the sky on top of us
G **D** **Em**
Just breathe, I won t let you fade out
C **D**
We can turn around, the weight of the sky on top of us
G **D** **Em** **C**
Just breathe, just breathe, just breathe
