Male vocal (Original Key): No Capo

**G**

When you were young

**Em**

You lost on everyone

**C**

Then you closed your eyes

**D**

**G**

And said your goodbyes

**G**

In a year

**Em**

Or ten, I will be there

**C**

I will come for you

**D**

**G**

When you are on your own

**G**

On a chair

**Em**

In a room with no one else

**C**

I will touch your hand

**D**

**G**

And say I understand

**G**

What we lost

**Em**

Is equal to the cause

**C**

Of my skin on yours

**D**

**G**

And say you want it back

CHORUS:

**C**

**G**

If you get time

**D** **Em**

Come back and be mine

**C** **G**

If you pass by

**D** **Em**

I will see you in the sky

**C** **G**

I hope that youre told

**D** **Em**

I was young, now Im old

**C** **G**

If you pass by

**D** **C**

I will see you in the sky

**G**

Now in the dark,

**Em**

Youre a light without a spark

**C** **D**

In a car you drive back home

**G**

To see your friends

While you say

**Em**

That every time you pay

**C**

You were broke because

**D** **G**

Your love has got away

Youre the one

**Em**

That fires off your gun

**C** **D**

Then catches all the fire

**G**

When youre done

Are you sure

**Em**

That you have won this war?

**C**

Cause I heard you say

**C** **D**

That this is our day

CHORUS :

C G  
If you get time  
D Em  
Come back and be mine  
C G  
If you pass by  
D Em  
I will see you in the sky

I was young, now Im old  
C G  
If you pass by  
D C  
I will see you in the sky

Ill see you soon

You know
