

## The Boat

Benjamin Francis Leftwich

Benjamin Francis Leftwich

The Boat

Tabbed by JCR

Capo 6

This is the closest I could get to a tab for this song because the original song uses a ukulele, so here is what I came up with. There is a video on youtube of him playing on a guitar but I have yet to figure it out, so this is the novice version. Listen to the song for strumming patterns and you are good to go.

**C        G        Am        F**

Wherever you are, floating on a boat or on a star  
Whatever you do, every time we touch you move  
You have different eyes, for every time your heart arrives  
I want you to sigh, it s alright

(CHORUS)

**F        Am        G**

I am a finally swimming, you are the line  
If this is a moon land, darling you d be the find  
I wanted to keep you close, make you mine  
If this is a moon land, darling, you d be the find

**Am        F**

**C        G        Am        F**

**C        G        Am        F**

Wherever you go, all the different places you know  
Whenever you re here, then all the things you needed are near  
It is a different heat, to all the other things that you need  
So don t close the door

(CHORUS)

**F        Am        G**

I am a finally swimming, you are the line  
If this is a moon land, darling you d be the find  
I wanted to keep you close, make you mine  
If this is a moon land, darling, you d be the find

**F        Am        G**

I know it s hard to be calm in a storm  
I know it s hard when your heart is warm  
I know you tried to work it all out, but now

(CHORUS- single strum each)

**F        Am        G**

I am a finally swimming, you are the line  
If this is a moon land, darling you d be the find  
I wanted to keep you close, make you mine  
If this is a moon land, darling, you d be the find

(End on **F**)
