

I Will Never Be Around
Benjamin Tod

Planning to add a little more depth to the picking and everything later, but for now these are the basic chords for the most part. Listen to the song and you should be able to figure some of the other stuff out.

[Verse 1]

G **D** **C** **C/B** **G**
Everything inside of me is broken now
C **G** **C**
And now a piece falls out my sleeve in every single town
C **G** **C**
Now I pray each line I leave is the last one I ride down
G **D** **C** **C/B** **G**
And I will always love you and I will never be around

[Chorus]

C **G**
And I would pick a shallow grave over an empty cell
D **C** **C/B** **G**
Oh cause I have seen that time ain t too forgiving of a jail
C **G** **C**
And I could craft a pile of stone into a wishing well
G **D** **C** **C/B** **G**
But you aren t so naive my love, we know that life is hell
