All You Got To Do Is Fall In Love
Benji Hughes

Verse 2 is the same as verse 1!

[Verse 1]
```
C#                   Bbm
Wouldn t it be sweet
F#/A                                G# (or G#7)
If you could be in love with me
C#                        Bbm
The way that I m in love with you
F#/A          G#
It s so easy to do
```

[Chorus]
```
F#                     G#
All you ve got to do is fall in love
C#                        Bbm
All you ve got to do is fall in love
F#                  G#7               C#
All you ve got to do is fall in love with me (x2)
```

[Verse 2]
```
And everyday you don t, it s wasted
And every night alone, it s your fault
The sweetest lips I ve ever tasted
The only lips I ll ever want

All you ve got to do is fall in love
All you ve got to do is fall in love
All you ve got to do is fall in love with me (x2)
```
