Eastside

benny blanco

[Post-Chorus]

Em

D

You can play the chords as normal but the higher bar chords sound more like the song!

```
High chords:
Em â€" 079980
D â€" 057770
G â€" 000787
C â€" 035550
[Verse 1]
              D
When I was young, I fell in love
We used to hold hands, man, that was enough (yeah)
                   G C
Then we grew up, started to touch
Used to kiss underneath the light on the back of the bus (yeah)
Oh no, your daddy didn t like me much
And he didn t believe me when I said you were the one
                       G
                                C
Oh, every day she found a way out of the window to sneak out late
[Chorus]
                                \mathbf{Em}
She used to meet me on the Eastside
                      G
In the city where the sun don t set
             D
And every day you know that we ride
                  D
                           G
Through the backstreets of a blue Corvette
                             Em
               D
Baby, you know I just wanna leave tonight
We can go anywhere we want
Drive down to the coast, jump in the seat
Just take my hand and come with me
```

G

C

```
We can do anything if we put our minds to it
Take your whole life then you put a line through it
My love is yours if you re willing to take it
Give me your heart cause I ain t gonna break it
So come away, starting today
Start a new life, together in a different place
                                                  C
We know that love is how these ideas came to be
So baby, run away with me
[Verse 2]
Em
Seventeen and we got a dream to have a family
A house and everything in between
          Em
And then, oh, suddenly we turned twenty-three
Now we got pressure for taking our life more seriously
We got our dead-end jobs and got bills to pay
Have old friends and know our enemies
Now I-, I m thinking back to when I was young
Back to the day when I was falling in love
[Chorus]
He used to meet me on the Eastside
                      G
In the city where the sun don t set
C
And every day you know that we ride
Through the backstreets of a blue Corvette
                              Em
Baby, you know I just wanna leave tonight
We can go anywhere we want
Drive down to the coast, jump in the seat
Just take my hand and come with me
