Choises, It s always what you make it
but then you and i re the same.
Choises, peculire how you throw them
in my face while you obstain.

This is all about equality
I m sure you ve heard of the term somewhere.
Knownless, you ve made your own reality
no need to be with me, oh

Why don t you shout out my name
Show my face till there s someone to aim for
And I won t even try to disclaim
?? though i shat on the fence ??
i did what i had to
Why don t you shout out my name
why won t you look me in the eye no more
It s just gonna be yourself looking back at you

Choises, you say i made a bad one
but how about your self.
Voices, it s a cheap independence
if you drift like a snowflake
You try to hide behind absurdities

take a break, and don t walk on water
Princess, wake up and smell the coffee
now, I ll just stay awake

Why don t you shout out my name
Show my face till there s someone to aim for
And I won t even try to disclaim
?? though i shat on the fence ??
I did what I had to
Why don t you shout out my name
why won t you look me in the eye no more
It s just gonna be yourself looking back at you

Over the hills and even further away
in this norwegian style
Send me your bills and i ll pay them with interest
then all the best, all the best, all the best.

Why don t you shout out my name
Show my face till there s someone to aim for
And I won t even try to disclaim
?? though i shat on the fence ??
i did what i had to.
Why don t you shout out my name
why won t you look me in the eye no more
It s just gonna be yourself looking back at you
