

Broken

Bertine Zetlitz

C **F**
It occurred to me you might be broken
C **F**
Like a sinking ship or a car
G **C** **G** **F**
Yes, it dawned on me you might be damaged goods
Won't get very far
C **F**
It occurred to me you might be injured
C **F**
Cause my dress was stained from your touch
G **C** **G** **F**
And it dawned on me we've never kissed this hard
Never tickled this much

(**C G Am F**)

C **G** **Am** **F**
Will you stay? Will you stay in my arms?
C **G** **Am** **F**
Will you stay? Will you stay in my arms?

(mesma base do verso:)

Well, it occurred to me you might be broken
Cause your eyes seem weary and bright
And you made me wish I could be miles away
You held me too tight

Well, it dawned on me you might be broken
Cause your skin was cold to the touch
And it dawned on me there will be other nights
That won't twinkle this much

(**C G Am F**)

C **G** **Am** **F**
Will you stay? Will you stay in my arms?
C **G** **Am** **F**
Will you stay? Will you stay in my arms?
C
If I say it's now or never
G
Will you hang around forever?
Am **F**
Will you make me feel like love is due?
C
Will you write a thousand letters

G

Will you have me feeling better?

Am

F

Will you make my broken threads come true?
