And your dreams and your schemes

And your unpredictability
Am **G**
You make shiver when warm

Am

Total instability
Am **G**
You make me sleep through the storm

(mantém Am e G ao longo da música)

My baby says I m a dreamer
All that I touch turns to dust
Sometimes he call me a screamer
Smile and he ll think
It s with lust

I ll just go with you
And your treacherous ways
Always unfulfilling me
You make me shiver when warm

I ll just go with you
And your viperous gaze
Boy, you re always thrilling me
You make me sleep through the storm

(F C F E)

(volta para Am e G:)

I ll just go with you
And your treacherous ways
Always unfulfilling me
You make me shiver when warm

I ll just go with you
And your viperous gaze
Boy, you re always thrilling me
You make me sleep through the storm

I ll just go with you
You make me sleep through the storm
