Do You Still Love Me Like You Used To?- BEST COAST

G

I wake up to the morning sun,

Em Em X

When did my life stop being so fun?

G

Wish I could care about someone, the way I used to.

Em Em X

When will this be done?

G

I m always crying on the phone,

Em Em X

Because I know that I ll end up alone.

G

Lord please forgive me for my sins

Em Em X

I didn t mean it, I just want it to end

Gm

Do you love me like you used to?

Em

Do you, do you, do you?

G

I have no reason to complain,

Em Em X

My feelings change, they melt away in my brain.

G
I keep myself awake at night,

Em Em X
Sleep with the lights on, always ready to fire

G
I m always crying on the phone,

Em Em X
Because I know that I ll end up alone.

G
Lord please forgive me for my sins

Em Em X
I didn t mean it, I just want it to end

C Am
I m always running down the street

C Am
I don t remember what it means to be me

C AM
I left all of that sh*t behind

C Am
But still I seem to lose my mind,

G Em
My mind, my mind, my mind, my mind
