I Scare Myself
Beth Crowley
[Verse 1]
            Bm G
They say I m crazy
But the whole word has gone mad
               \mathbf{Bm}
They think I m dangerous
I might agree with that
[Pre-Chorus]
                A
     Bm
When everything i touch will break
    A G
Loving you is my escape
So come on and give me what I crave
I want it
I want it
       F#
Do you want it?
[Chorus]
Bm G D
I scare myself
     F#
With the way that I need you
Bm G
There s no one else
      F#
Tell me that you can feel it too
I d crawl through hell
If it meant I could keep you
Bm G F#
I scare myself
[Verse 2]
     Bm G
```

I come unraveled **D** 

F#

```
When you whisper my name
                 G
           Bm
My head is spinning
You make me feel insane
[Pre-Chorus]
   \mathbf{Bm}
The moment that our skin collides
There s nothing left for me to hide
               Α
                    G
I have finally learned to fly
And i want it
  Α
I want it
     F#
Do you want it?
[Chorus]
Bm G
        D
I scare myself
      F#
With the way that I need you

There s no one else
Tell me that you can feel it too
Bm G
I d crawl through hell
     F#
If it meant I could keep you
Bm G F#
I scare myself
[Bridge]

When everything i touch will break
