Intro: $G$ Bm Am C5 (x2)

## G

She hangs around the boulevard
Am C5

She s a local girl with local scars She got home late, she got home late She drank so hard the bottle ached

And she tried and she tried, and she tried and she tried But nothing s clear in a bar full of flies So she takes and she takes, she takes and she takes She understands when she gives it away

D

```
She says, man I gotta get out of this town
Man I gotta get out of this pain
Man I gotta get out of this town
C D
Out of this town, and out of L.A.
```

## G Bm Am C5

She s gotta gun, she s gotta a gun
She gotta gun she call the lucky one
She left a note up by the phone
Don $t$ leave a message cause this ain $t$ no home

And she cried and she cried, and she cried and she cried She cried so long her tears ran dry
And she laughed and she laughed, she laughed and she laughed Cause she knew she was never comin back

```
She said, man I m gonna get out of this town
Man I m gonna get out of this pain
Man I m gonna get out of this town
Out of this town, and out of L.A.
```

## Em(maj7)

It $s$ all she loves, it $s$ all she hates
Em6

## Cmaj7

It $s$ all too much for her to take She can $t$ be sure just where it ends Or where the good life begins

So she took a train, she took a train
To a little old town without a name
She met a man, he took her in
But fed her all the same bullshit, again

Cause he lied and he lied, and he lied and he lied
He lied like a salesman selling flies
So she screamed and she screamed, and she screamed and she screamed It $s$ a different place, but the same old thing

> It $s$ all I love, it $s$ all I hate
> It $s$ all too much for me to take
> I can t be sure where it begins
> Or if the good life lies within

```
So she said, man I gotta get out of this town
Now I gotta get back on that train
Man I gotta get out of this town
                    C
                                    D
```

G $\quad \mathrm{Bm} \mathrm{Am} \mathrm{C} 5$
