Lifetime - Beth Hart

C

She got a lover s soul

She lost her radio

F

She got her memories

and her extremities

C

She s drivin much too fast

She wants to make it last

F

She wrote a song for you,

She calls it black and blue

CHORUS

Am **G** **C**

Ain t no way to live a lifetime

F **C**
Ain t no way to live at all

Am C F
Ain t no way to live a lifetime

It just ain't no way to live at all

She s sick of being late
She knows she s second rate
She wonders if you ll stay
And love her anyway
She s crawling back again
It s such a bitter end
She knows she don t belong
She screams a children s song

CHORUS

F

The sun don t shine my way

C

And the moon don t make me dance

F

If you re listening hear me pray

C

I d give my hands for just a second chance

G

My plea is not in vain

She lost her lover s soul she lost her radio

She got her memories and her extremities

Just let that bad man go

She s sweating in the snow

No one to call her own

Don t call the truth ain t home

CHORUS

C

All alone, all alone

F

all alone, all alone

C

All alone, all alone

F

all alone, all alone, all alone

C

all alone
