

**This Ones Gonna Bruise**  
**Beth Orton**

**G** **Bm** **C** **D**  
Do you even know what s going on in a heart anymore  
**G** **Bm** **C** **D**  
Constellations turned into little polaroids in a cardboard box  
**C** **D**  
And I wanted so desperately to prove  
**C** **D**  
You were still breathing but wouldn t move  
**Em** **Bm**  
Okay, okay  
**Em** **G** **C** **Am**  
what a thing to choose ...this one s gonna bruise  
**G** **Am** **G**  
You ll learn one day won t you  
**Dm** **E** **Am** **G** **F**  
What you want is bad for the souls lost out in the rain  
**F** **E**  
Afraid of the dark still in pain  
**Am** **G** **F** **G** **Am**  
still in pain

**G** **Bm** **C** **D**  
Did you ever notice how the wind didn t change that much  
**G** **Bm** **C** **D**  
Fluctuations only sheets that you moved to be sure it was us  
**C** **D**  
And I wanted so desperately to say  
**C** **D**  
That you could trust me but I was lying anyway  
**Em** **Bm**  
okay, okay  
**Em** **Bm** **C** **Am** **D**  
what a thing to lose - Left out in the rain, misused  
**G** **Am** **G**  
You ll learn one day won t you  
**G** **Am** **G**  
You ll learn some day won t you  
**Dm** **E** **Am** **G** **F**  
What you had was good for a while then it changed  
**F** **G**  
Got too intense made it strange

**Am** **G** **F**  
And I feel bad for you  
**Am** **G** **C**  
I feel bad for you  
**Dm** **E**

But I don't know why I don't know why

**Am G F G Am G F G Am**

Cos I'm as dead as you
