**C**

You shake your head

**Fmaj7**                       **C**

&#8232;What is so hard to believe?

  &#8232;

When you are in your bed

**Fmaj7**                       **C**&#8232;

I sing over you the sweetest things&#8232;

&#8232;Because oh, my love does not tire

**Fmaj7**

**C**

&#8232;I m awake when the moon is full&#8232;

And I know the times when you feel lost&#8232;

**Fmaj7**                       **G**                       **Am**

And you               just aren t sure&#8232;&#8232;

**G**                       **E7**

Lo and behold&#8232;

**C**                                       **Fmaj7**

My love hasn t grown cold&#8232;

**C**

For you&#8232;&#8232;

**Fmaj7**                       **C**

**Fmaj7**                       **C**

You cold steal away in the middle of the night&#8232;

And hide in the light of day&#8232;

**Fmaj7**                                       **C**

While you cloak yourself in the darkest lies&#8232;

**Fmaj7**                       **C**

&#8232;But oh my love, it swims in the deepest oceans of fear&#8232;

And as soon as you lower your head&#8232;

**Fmaj7**   **G**                       **Am**

  I               am               here&#8232;

**G**    **E7**

&#8232;Lo and behold&#8232;

**C Fmaj7**

My love hasn't grown cold&#8232;

**C**

For you&#8232;

**Fmaj7 C**

&#8232;If only you could see&#8232;

**Fmaj7 C**

How heaven stills when you speak&#8232;

I know all your days

&#8232; **Fmaj7 C**

And I have wrapped you in mystery

&#8232;&#8232;And oh, my love for you&#8232;

**Fmaj7 C**

Is as wide as the galaxies&#8232;

Just hold out your hand and close your eyes&#8232;

**Fmaj7 G Am**

And come, come be with me&#8232;

**G E7**

&#8232;Lo and behold&#8232;

**C Fmaj7**

My love hasn't grown cold&#8232;

**C**

For you&#8232;

**Fmaj7 C**
