_____

**Gm**, **F**, **Dm**, **C** 3x

**Dm**          **C**                          **B**
In the night I feel the cold of my loneliness
                **Dm**
Cold that embraces my heart
  **C**                              **B**
Draining my strength to the fight
                                      **C**
Only to breathe this suffering

**Dm**          **C**

```
Tell me why?
                        Am
Why must I bear this cross
          B
So heavy for my soul?
        C
Please hold me in your love

Dm                      C
I am the keeper of his heart
                          B
I was sent to take care of his sweetness
Dm                      C
Never I ll forget his love
                      B
Never I ll forget the light
                   C
That shone in his eyes

Dm                      C
Let me fly, let me be free
                            Am
To stay with him beyond this life
                  B
Run across the sky
         C
Let me see the sun again

Dm
Let me die
          F
Give me the light
                        C             B             Gm
I m waiting for death to knock on my door to release my pain
                      C
My sadness in the night

Dm
Let me die
          F
Give me the light
                        C             B             Gm
I m waiting for death to knock on my door to release my pain
                   C            Dm
My sadness in the night, forevermore

Dm, C, B, C 2x
Dm, C, B 2x
```

**C**, (**Dm**)

**Dm**          **C**                                    **B**
Every day I dream of sunlight in my dark room
              **Dm**
I want to find a reason why
 **C**                                    **B**
Justify my reason to stay alive
                        **C**
Within this pain

**Dm**                **C**
Tell me why?

                              **Am**
Why must I bear this cross
              **B**
So heavy for my soul?
          **C**
Please hold me in your love

**Dm**
Let me die
                  **F**
Give me the light
                                    **C**                    **B**              **Gm**
I m waiting for death to knock on my door to release my pain
                        **C**
My sadness in the night

Let me die
Give me the light
I m waiting for death to knock on my door, to release my pain
My sadness in the night
