From a distance the world looks blue and green and the snow-capped mountains white.

**G**                    **C**                    **D**                    **Em**                    **C**                    **D**                    **G**

From a distance the ocean meets the stream and the eagle takes to flight.

**C**                    **D**                    **Em**                    **C**                    **G**                    **D**                    **D7**

From a distance there is harmony and it echoes through the land.

**C**                    **G**                    **C**                    **G**                    **C**                    **D**                    **G**

It s the voice of hope it s the voice of peace it s the voice of every man.

From a distance we all have enough and no one is in need.

And there are no guns no bombs and no disease no hungry mouths to feed.

From a distance we are instruments marching in a common band.

Playing songs of hope playing songs of peace - they re the songs of every man.

**C**                    **D**                    **G**                    **Em**                    **C**                    **D**                    **G**

God is watching us. God is watching us. God is watching us                    from a distance.

From a distance you look like my friend even though we are at war.

From a distance I just cannot comprehend what all this fighting is for.

From a distance there is harmony and it echoes through the land.

And it s the hope of hopes it s the love of loves it s the heart of every man.

It s the hope of hopes it s the love of loves - This is the song of every man.

And God is watching us God is watching us God is watching us from a distance.

Oh God is watching us God is watching. God is watching us from a distance.
