

**Friend Like Me**  
**Betty Who**

**G** **D** **Em**  
Thrown out of the bar, can t find your car  
**C** **D** **G**  
Swear somebody stole your keys  
**G** **D** **Em**  
Drunk and alone, trying to get home  
**C** **D** **G**  
You need a friend like me

**G** **D** **Em**  
Nothing sticks if you give up too quick  
**C** **D** **G**  
You end up on your knees  
**G** **D** **Em**  
You re afraid of the dark, it s cold in your heart  
**C** **D** **G**  
You need a friend like me

**Em** **C**  
You don t have to settle down  
**G** **D**  
I want you how you are right now  
**Em** **C**  
I know you wanna fix it all  
**G** **D**  
But who s gonna catch you when you fall?  
**Em** **C**  
And I need you  
**D**  
But you need me, too  
**Em**  
Maybe you don t believe  
**C** **D** **G**  
I think you need a friend like me

**G** **D** **Em**  
You re lost in the crowd, so you hid in the clouds  
**C** **D** **G**  
But I can always see  
**G** **D** **Em**  
Who you are, and you ve come so far  
**C** **D** **G**  
You need a friend like me

**Em** **D**  
To hold you closer, let you know I m here

**Em** **C**  
You don t have to settle down  
**G** **D**  
I want you how you are right now  
**Em** **C**  
I know you wanna fix it all  
**G** **D**  
But who s gonna catch you when you fall?  
**Em** **C**  
And I need you  
**D**  
But you need me, too  
**Em**  
Maybe you don t believe  
**C** **D** **G**  
I think you need a friend like me

**Em** **D**  
I ll hold you closer, don t you know I m here?

**Em** **C**  
You don t have to settle down  
**G** **D**  
I want you how you are right now  
**Em** **C**  
I know you wanna fix it all  
**G** **D**  
But who s gonna catch you when you fall?  
**Em** **C**  
You don t have to change your mind  
**G** **D**  
I m gonna wear you down in time  
**Em** **C**  
We may never get it right  
**G** **D**  
But sure as hell I m gonna try  
**Em** **C**  
Cause I need you  
**D**  
And you need me too  
**Em**  
Yeah, you can count on me  
**C** **D** **Em**  
Cause I m a friend indeed  
**C** **D** **Em**  
Even if you don t believe  
**C** **D** **G**  
You need a friend like me
