This next beautiful song, is taken from hearing the debut album (I think),  
from Beverley Craven by the same name. I m not sure about the correctness  
of the chords -- so if someone has better solutions, please let me know...

Missing You Beverley Craven

**Dm** **Am**  
The dreams I have are unrepeatable,  
**Dm** **Am**  
And you always play a starring role,  
**Dm** **Am**  
I m just glad to have the time with you,  
**Dm** **E** **Am**  
It s the only place we can go.

I walk around the next day in a daze,  
Flashes of a feeling of your face,  
Three photographs, a letter and my memories,  
Are all I have to fill this space.

**Dm** **Fm** **Dm**  
Now you ve gone, now you ve gone,  
**Gm**  
But I keep missing you,  
**A7**  
I keep missing you,  
**Dm** **Fm** **Dm**  
Now you ve gone, now you ve gone,  
**Gm**  
But I keep missing you,  
**E7** - **A**  
I keep missing you.

Sometimes I laugh the way you used to laugh,  
Or say the things you used to say,  
If you can see me now, just give me a sign,

Cos I can t believe you ve really gone.

Now you ve gone, now you ve gone, ... etc.

;; Instrumental: start of verse, continue with last two verse-lines:

**Dm**                **E**                                **Am**  
The way you tossed your hair, and fooled around,  
**Dm**                **E**                                **Am**  
Will we ever meet again?

Now you ve gone, now you ve gone, ... etc.
