

Disappear

Beyonce

(capo 3ª casa)

Em7 **G**
If I begged and if I cried
D
Would it change the sky tonight
A
Would it give me some light
Em7 **G**
Should I wait for you to call?
D
Is there any hope at all
A
Are you drifting by?

G
When I think about it
D **A**
I know that I was never there or even cared
G
The more I think about it
D **A**
The less that I was able to share with you
G **D**
I try to reach for you I, can almost feel you
A
You re nearly here
G **D** **A** **G**
And then you disappear
(Disappear, disappear, disappear)
D **A** **G**
You disappear
(Disappear, disappear, disappear)

Em7 **G**
And when I lie all by myself
D
I see your face, I hear your voice
A
My heart stays faithful
Em7 **G**
And time has come and time has passed
D
If its good it s got to last
A
It feels so right

G
