There... Simple as motherfucking chewing food or breathing air... I didnâ€™t tab out the keyboard part or lead guitar cause iâ€™m lazy... If you wanna spice it up and youâ€™re playing it live with friends or in your band. In the last chorus do it like fast speed metal punk shit.. All I know is Bif did that live at Snowjam on July 29th and it was fucking awesome.. If you have any comments, corrections or suggestions or you wanna buy Bifâ€™s first CD email me at ToXic345x@yahoo.ca
