Ending - Bass

Very End

Very fun song to play... And if you don't know this song it's off Bif's first

album before she got signed.

And if you can't find it and you live in the U.S. just go to Canada and buy it cause

it's everywhere and it's a \*\*\*ing awesome album because Bif rules!!

Not just cause she's from my hometown Vancouver Canada but she just.... does...
