Intro: **G, Em, D, Dsus, D**

**G** **Em** **D Dsus D**  
You arrived at my doorstep, brought in with the tide,  
**G** **Em** **D**  
You told them that you're coming, but I bet you lied,  
**Dsus D** **G** **Em** **D Dsus D**  
Mr. Distance couldn't chain you down, but you know he'll try,  
**G** **Em** **D**  
I let you in, but you took me inside,  
**Cadd9** **Em** **D** **Dsus D**  
And now I'm falling for you that's the best I can do because I'm clumsy,  
**Cadd9** **Em** **D** **Dsus D**  
I wanted to wait, then I got a taste, now I'm hungry,

**Cadd9**                **Em**                **D**    **Dsus**                **D**  
Oh oh oh oh oh oh, oh no oh, oh how you came a live,  
**Cadd9**                **Em**                **D**    **Dsus**    **D**  
Woh oh oh oh oh oh, oh no oh.

**G**                                **Em**                                **D**    **Dsus**    **D**  
Polished bottles of wine and an empty pizza box,  
**G**                                **Em**                                **D**  
You stand there naked only in your socks,  
**Dsus**                **D**                **G**                                **Em**                                **D**    **Dsus**    **D**  
The nonbelievers they can't stop us now, but you know they'll try,  
**G**                                **Em**                                **D**                                **Dsus**    **D**  
Lock all the doors and the windows just to keep them outside, outside

**Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
And now I'm falling for you that's the best I can do because I'm clumsy,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
I wanted to wait, then I got a taste, now I'm hungry,  
                              **Cadd9**                                **Em**                                **D**    **Dsus**    **D**  
I wanted to be what you think you see, but I'm nothing,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
Then I caught a glare in your two-second stare now I'm something,  
**Cadd9**                **Em**                **D**    **Dsus**                **D**  
Oh oh oh oh oh oh, oh no oh, oh how you came a live  
**Cadd9**                **Em**                **D**  
Woh oh oh oh oh oh, oh no oh.

**Dsus**    **D**                                **G**                                **Em**                                **D**    **Dsus**    **D**  
Mr. Distance couldn't chain you down, but you know he'll try,  
**G**                                **Em**                                **D**    **Dsus**    **D**  
I let you in, but you took me inside,

**Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
And now I'm falling for you that's the best I can do because I'm clumsy,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
I wanted to wait, then I got a taste, now I'm hungry,  
**Cadd9**                **Em**                **D**    **Dsus**    **D**  
I wanted to be what you think you see, but I'm nothing,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
Then I caught a glare in your two-second stare now I'm something,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
And now I'm falling for you that's the best I can do because I'm clumsy,  
                              **Cadd9**                                **Em**                                **D**                                **Dsus**    **D**  
I wanted to wait, then I got a taste, now I'm hungry,  
**Cadd9**                **Em**                **D**    **Dsus**                **D**  
Oh oh oh oh oh oh, oh no oh, oh how you came a live,  
**Cadd9**                **Em**                **D**    **Dsus**                **D**    **Cadd9**, **Em**, **D**  
Underneath all that you are, all of the candlelight.
