Middle link

Itâ€™s all the same in different hats
The proof of the missing link
A nation talking to its self
And none of us can think
Things were never what they used to be

A silent fool may still be wise
But thereâ€™s no way you can tell
The captain more scarred than his crew
Is beautiful people to me
And the finest government you could buy
Its beautiful people I see
If you could give five to one against

Itâ€™s good enough for me

Canâ€™t use two steps to cross a canyon
Youâ€™re beautiful people to me

If you donâ€™t see the same trees I see
Youâ€™re beautiful people to me
Make deserts bloom and oceans die
Just beautiful people to me
If youâ€™re lost and dying of civilisation
Thatâ€™s enough for me
If you believe your own blind eye
Youâ€™re beautiful people to me

And you may miss what you never had
And have what you never want

I m not too sure if the above is totally right. Any comments or suggestions
would
be most welcome.
