Where I can wipe away the madness from your face

Our name is out

Our name is known

Our name is everywhere but who knows where we've flown

I never meant

To kill a man

But I will show you have to live like no-one ever can

Chorus: (A) C#m

Look away, look away

B

Hide your eyes from the land where I lie cold

(A) C#m

Look away, look away

B

From the lies in the stories that were told

(A) C#m

Look away, look away

A

E

From the love that I hide way down deep in my soul

I met you wild

In a snowed up town

I was waiting tied and bound to be sent down

Then I broke loose

You weren't around

So I raised banks and trains until I tracked you down

Chorus:

Solo: (A) E A C#m A E A C#m A B A E B

You followed me

When I said no  
You lay with me when there was nowhere safe to go  
We made some friends  
But now it s done  
I always knew that we would never catch the sun

Chorus: 2x
