Verse (A - F# - D)

I saw something I want and the thought of her still haunts and it won t go away,  
I was so turned down I didn t want to say  
Now miles from you and I don t think you knew How could you though  
I ran real fast but I feel I walked to slow

Chorus

B            D            A  
And it s hard to say from far away I want to see her in green fields

In green fields

Verse

A darling face You know she ran the place and that was cool  
I did a little move For I d fear I d lose before  
And now I m sad, she s the best thing I ever had And that s not right  
It s been real fun But you got to say goodnight

Chorus

And it s hard to say from far away I want to see her in green fields  
In green fields

Bridge

Her face was shining Oh, man she looked so fine but I moved slow  
Saw her before and I hope I see some more, but I don t know

Verse

Next time you re there please let her know I care And that will be fine  
I know I will get back there in time  
And when I do, I ll see her walking through in green fields, yeah

Chorus

And it s hard to say from far away I want to see her in green fields  
In green fields
