that I=92ve seen her  
The highway is still cold and wet and I can=92t forget the way I had to  
leave her  
And every passing day, she flickers and she fades  
Is someone to catch her when she falls from the heavens?

Intro lick X 2

And every heavy night takes out the little life that=92s left within her  
Every man she gives her love, he takes it, and leaves her with a  
dinner

Our love was once a flame, now I=92m just a forgotten name

Am I the only one to blame for having loving her?

And I love her yet, she has done me wrong

Can I bring her back, she has been long gone

And I=9211 always be her, Broken hearted savior
