Intro: **C#**

**C#**                          **C#**
Two of us were all alone. Two of us complete unknowns.
          **F#**                **C#**
You weren t feeling well. I was tired.
**C#**
I ve got two dollars in my hand.
**C#**
Tell me the name of your favorite band.
                **F#**                   **C#**
Thought it was cute when you said mine wrong.

**C#**

```
          G#
I think my pulse is fast.
            F#
I think my eyes are glassed.
             C#
You see it s been a while.
            G#
I think my heart just moved.
         F#
I m at a loss for words.
                C#
For sure it s been a while.

C#
So much you could help me find.
C#
Tell me secrets I ll tell you mine.
              F#                        C#
And we can go all out, or just stay in.

C#                                  C#
Speak of work like I understand what it would take to change your plans
            F#
And let me be your man.
          C#
Be your man.

            G#
I think my pulse is fast.
            F#
I think my eyes are glassed.
             C#
You see it s been a while.
            G#
I think my heart just moved.
         F#
I m at a loss for words.
                C#
For sure it s been a while.

            G#                          F#
I think I m kind of scared I could wake and find
     Bbm            F#              C#      F#
That all of it s a dream when it feels real.

C#

C#                                  C#
Months gone by and I can see alone we re cool
                            F#                        C#
But the two of us make a better we, Bunny and Me.
```

```
            G#
