Big Time
Big & Rich

INTRO
C#   F#   Ebm   G#   C#   F# G#
LALALALALALA LALA LALALALALALALALA

verse 1
C#
My hair might be a little too long
                F#
 for your taste, my friend
G#
My car might cost a little less than
                        C#   F# G#
 that suit you re wearing
C#
Im glad you stumbled in here
             F#
 on your business trip
G#
Before you close your tab
              C#
remember i play for tips
Ebm   **G#**
Well i bet your wife is beautiful
     Ebm   **G#**
and you re a really big so and so
Ebm   **G#**
Well im not doing bad myself,
   F#   **G#**
 hey friend dont you know

chorus
C#
I play guitar and I sing my
                 F#
songs in the sunshine
Ebm   **G#**
Captain and Cokes and barroom jokes
           C#   **F# G#**
 keep me feeling fine
C#
And theres always a stage and a
                         F#
beautiful babe to squeeze my lime
Ebm   **G#**
In my simple way i guess you could say
                C#
im living in the big time

```
verse 2
C#
I know i ll  probably
                       F#
 never make a million bucks
G#
But savings accounts and
                    C#              F# G#
the IRS never worry me much
C#
I dont need that stuff cause
                F#
i got friends like you
G#
to buy me drinks, have boats and
                C#
 planes that i can use
Ebm                    G#
I know you re really living
          Ebm              G#
in that house up on a hill
Ebm                       G#
So if you feel like giving,
  F#                          G#
 friend i ve got a jar to fill

(repeat chorus)

Bridge
C#                         F#
Im having the time of my life
                    Ebm
No worries on my mind
G#                 C#     F# G#
Everthings just fine
C#                           F#
Today is even better than yesterday
                      Ebm
Everything is going my way
G#                 C#          F# G#
Im living in the big time
C#
And theres always a stage and a
                            F#
beautiful babe to squeeze my lime
Ebm                          G#
In my simple way guess you could say
                  C#
 im living in the big time
Ebm                            G#
In my simple way guess you could say
                  C#
im living in the big time
```
