Remember when we laid at you and [?] crib  
**A**  
Was there so long I coulda paid rent  
**E**

**F#m**

REPEAT

[Verse 2: Big Sean]

My bad for those long long nights, long nights when I left you in the sheets

Sorry for when you had to cry yourself to sleep

Tried to count on me and I made you count sheep

Sorry when you put your faith in me I was unfaithful, disgraceful

Distasteful yeah I know you're not supposed to have cake and eat too

Crazy how these hoes always kept my plate full

What about the emails you hacked in?

I know we hate to live in the past-tense

It's been weird since I went out west and did an album with No I.D

And ain't came back since

Now we the best in the city, I rep for the city

That's about the time that you left for the city

You and all your girls moved to NY,

I shoulda known now how you watch sex and the city

I know we ain't close but, I gotta focus on blowing up

I know I promised that I'd be there, and really did I ever show up?

I know I wasn't honest to ya girl

Almost broke every promise to ya girl

Brought problems to your world

And you said "how could you just lie to me? I thought you'd die for me?"

I was scared you'd find somebody you was supposed to

You the type niggas get close to, and then propose to

And when thanksgivings come around,

I ain't tryna bring hoes through to momma

So it's back to the drama,

"No I don't know that number"

"Why the hell you text it?"

Heartbreak hotel man, with no exit just checked in

Young and living reckless

**E**

**C#m**

And I, I wouldn't trade it for the world, world, world

**E**

**D**

**A**

**C#m**

**F#m**

And I, Just so fucking lucky you're my girl, girl, girl

**E**

**D**

**C#m**

**A-E**

And I, I wouldn't trade it for anything. No, no, no not anything, and you...

[Outro: Miguel & Big Sean]

Can't nobody do it like you do it, like you do it, like you do it, like you

**D** **F#m** **C#m**  
I can't imagine myself without you

**A** **E**  
I need a whole lot of help without you

**D.** **A**  
Me and my granny both agree

**E**  
Damn you're such a G I'll hold you down forever, B

**E** **D** **C#m**  
And I, I wouldn't trade it for the world, world, world

**E** **D** **C#m**
