

**Take Care**  
**Big Star**

Take Care

**D** **Em**  
Take care not to hurt yourself  
**Em** **F#m**  
Beware of the need for help  
**Em** **G** **A**  
You might need too much and people are such  
**D** **G** **D** **G**  
Take care, please, take care

Some people read idea books  
And some people have pretty looks  
But if your eyes are wide and all words aside  
Take care, please, take care

This sounds a bit like goodbye  
In a way it is I guess  
As I leave your side I ve taken the air  
Take care, please, take care  
Take care, please, take care
