Here s my first post--the chords to "Way Out West" from Big Star s second album, Radio City. Let me know if this sounds right, or if you have any corrections to the lyrics, which are probably not exactly right.

Way Out West

```
[tab]A                      E  
She s a schemer and she makes me mad[/tab]  
[tab]      F#m                A          E  
But I love her a lot those lonely nights[/tab]  
[tab]      F#m                E  
I was in a big room, playing my things[/tab]  
[tab]      D  
Oh, I wish she were here[/tab]  
[tab]      A          E  
She can be so kind[/tab]  
[tab]      F#m                E  
When she s not trying to hide[/tab]  
[tab]      D                A          E  
She tries not to love me but she knows she can[/tab]  
  
[tab]      A                E                F#m  
And Why don t you come on back from way out west[/tab]  
[tab]      Bm                E  
And love me we can work out the rest[/tab]
```

(Solo)

Why...

She thinks she s a mystery to all
But I know what s behind those eyes
Sometimes I think she ll make me forget
What I need most to remember
And then I ll slip on back
Even if they say it s better

And . . .
