

Whats Going Ahn
Big Star

What s Going Ahn

G **D**
I liked her face and oh those eyes
 Em **Am**
She left today, oh goodbye
 F **C**
And looking at you I m drained outright
 G **D** **Em G Em G**
And isolated in the light

D **F#m** **Bm**
And I resigned everyone ever since I was young
 D **F#m** **Bm**
I m starting to understand what s going ahn and how it s planned

I like love but I don t know
All these girls they come and go
always nothing left to say

And I resigned ...

oh no, oh no, oh no
