

**Cop A Plea**  
**Big Sugar**

I ve never tabbed before, but when I saw that there were no chords for this song I was slightly offended. You can do better than that, interwebz.

Either way it might be a bit off, but now I ve put out the challenge for corrections.  
Listen to the song for the strumming patterns.

---

**E**

Ever since you left

**G** **A**

Ever since the fallout

**G** **E**

Iâ€™ve been stuck in here

**G** **A**

Seeking some relief

**G** **E**

Thought Iâ€™d take a chance

**G** **A**

Thought Iâ€™d send a call out

**G** **E**

Not that you would care

**G**

But you see

**C** **E**

Now I sit around

**E** **G** **A**

Fillin the blank time

**C** **E**

Now I sit around

**A**

Heartaches cominâ€™ on the inside

**G D G**  
Canâ€™t wait for the flag to fall

**D E G A**  
You really should get over here

**A**  
Mistakes burnin in my mind

**G D G**  
Canâ€™t wait for the flag to fall

**D E G A**  
You really should get over here

**E G A**

**G E**  
Being on my own

**G A**  
Was never my intention

**G E**  
How do things like this

**G A**  
Seem to happen to me

**G E**  
Was it something that I said?

**G A**  
Or forgot to mention

**G E**  
But given half a chance

**G**  
Iâ€™d make amends

**A**  
Heartaches cominâ€™ on the inside

**G D G**  
Canâ€™t wait for the flag to fall

**D E G A**  
You really should get over here

**A**

Mistakes burnin in my mind

**G** **D** **G**  
Canâ€™t wait for the flag to fall

**D** **E G A**  
You really should get over here

**A**  
Five days - feels like a life time

**G** **D** **G**  
Canâ€™t wait for the flag to fall

**D** **E G A**  
You really should get over here

(Interlude..)

I am a simple man  
Looking for a handout

**E**  
How can you just sit

**G** **A**  
While I cop a plea

**G** **E**  
I had things in mind

**G** **A**  
But they never panned out

**G** **E**  
Not that you would care

**G**  
But, you see

**C** **E**  
Now I sit around

**E** **G** **A**  
Fillin the blank time

**C** **E**  
Now I sit around

**E** **G** **A**

Fillin the blank time

**C E**

Now I sit around

**A**

Heartaches comin' on the inside

**G D G**

Can't wait for the flag to fall

**D E G A**

You really should get over here

**A**

Mistakes burnin in my mind

**G D G**

Can't wait for the flag to fall

**D E G A**

You really should get over here

**A**

Hard day - feels like a life time

**G D G**

Can't wait for the flag to fall

**D E G A**

You really should get over here

**A**

Heartaches tearing on the inside

**G D G**

Can't wait for the flag to fall

**D E G A**
