

City Is Ours
Big Time Rush

The city is ours, the city is ours

Rolling past graffiti walls
Billboards lighting up the block
Everyone one of us on a mission (Oh yea)

Got a whole crew by my side
Cars beep, beep when they pass us by
We ready to get down to business (mm , mm)

We pull up, open the door
All the girls, scream there they are

It s packed from wall to wall
And, everybody is calling

Here we come, it s almost time
Feel the rush, now hit the lights

We gonna get it all started

(refrão)

Because the night is young

The line is out the door

Today was crazy but

Tonight the city s ours

Live it up

Until the morning comes

Today was crazy but tonight
