

**We Are
Big Time Rush**

A **D**
Thinking, we don't wanna get caught up in overthinking

A **D**
We've only got tonight

A **D**
Moments, we gotta keep on living for these moments

A **D**
Cause this is our time

A **D**
Life's too short to sit and wait

F#m **E**
For luck to come our way

A **D**
Light it up like fireworks

F#m **E**
I wanna hear you say

A
We are, we are

D
We are alive

F#m **E**
And we are the light that's shining down

A
We are, we are

D
We are the reckless

F#m **E**
You can hear us drowning out the sound

A
We are, we are

D
Young and dumb

F#m **E**
Always chasing something

A
We are, we are

D
Hearts like drums

F#m **E**
You can hear us coming

A
We are, we are

A **D**
Chances, you know there's nothing wrong with taking chances
