

Something Special
BigBang

F G Am Am x4

Did you ever write my name with a fountain pen
Am
In your books or on your desk

did you tell your friends

That I was someone special

Did you ever lie awake the entire night
Am
Glowing in the dark with no sheets or light

Thinking that I was someone special

You got me running

running late at night

trying to find you

And I started thinking

thinking all the time

what could I do

I had something for you

Was there something for me

I had something to give you

But it s a mystery

Did you ever change your clothes did you hesitate
walking back and forth, always being late
Cause I was someone special

Did you ever take a shower did you wash your face
making up the bed thinking just incase
That I was someone special

You got me running
running late at night
trying to find you
And I started thinking
thinking all the time
what could I do

I had something for you
Was there something for me
I had something to give you
But now it`s mystery

You got me running
running late at night
trying to find you
And I started thinking
thinking all the time
But what could I do

I had something for you
Was there something for me
I had something to give you

I had something for you
Was there something for me
