

Hotel Piano Biirdie

Hotel Piano by Biirdie

Chords **D-A-Bm-G**

D **A**
Listen to the hotel piano,
D **A**
And in your eyes I see which way the wind blows
Bm **G**
So my sweet little town it's time to put you down
D **G**
Don't bury in the back yard of your mind.

D **A**
Morning comes tired and stoned.
D **A**
Sliding down black and blue rainbows
Bm **G**
I can see the sun rise into Miami skies
D **G**
I can see your face come back to me.

G (all the way through)
(Chorus) and if it's true then it's true then it's true x2
And it's you.

And if it's you it's you it's you x2
I am true

Verses 3 and 4 are the same as the previous. **D-A-Bm-G-D-G**

Chase the sleep away and then off you go.
In mother's new clothes and bags you know.
To sail to the moon, always leave too soon.
Always leave with the radio turned on.

At the Massachusetts Chinese restaurant
In between somewhere and where you are.
I've seen familiar faces in unfamiliar places
I wish it would all just go away.

There's a mansion on a hill and it's not too far.

Where ever you are Iâ€™ll be your shooting star.
Itâ€™s getting dark in Echo Park You are you are you are
You are the strangest thing to me.

Fantastic song I put an improv where the electronic break is its sounds pretty
good. This is easy to play, hard to play well...
