

Polite

Bijou Phillips

Polite - Bijou Phillips

(This is my version of it - hope you enjoy!)

Am, C, G, D

And even my head, playing it s part

It s not time

We can t get away with it

Even my heart, playing my head

Holding time

Just to get away with it

It don t matter what we think of

It don t matter what we try

I d even lay my life down

Just to cross that line

It don t matter what I say to you

It don t matter if I cry

The silence of the evening

Sweet as suicide

And even my life, couldn t suffice

It s not polite,

All right

Am C

And if I could lie

**G**

To you, I ll deny

**D**

Everytime

**Am C**

Willingly apt

**G**

To fall for you
