

**Candy**  
**Bikini Kill**

A great song by one of the greatest female bands of all time, Bikini Kill. I don't have the little fills but I have the verses and the chorus, which are incredibly simple.

Standard tuning.       /: slide

Intro/Verse:

```
e-----|
B-----|
G-----|
D---444-4/7--777--6---|
A---444-4/7--777--6---| (lightly strum the last chord if
E---222-2/5--555--4---| you wish, about 7 times until you repeat)
```

Play that riff 12 times

Chorus:

```
e-----|
B-----|
G-----|
D---7777777--6-----|
A---7777777--6-----|
E---5555555--4-----|
(don't try to fight me...)
```

Play the chorus 4 times. For the little fill/solo parts, you can just play the verse riff 4 times, then go into the second verse, played the exact same as the first verse, then the chorus, then play the verse until the song ends.
