C G C
Let s be xenophobic! It s really in this year
C G C
Let s find a nasty, slimy, ugly alien to fear
F C G C
There s no more cutesy stories bout E.T. phoning home
F C G C
Let s learn to love our neighbors, like the Christians learned in Rome!

C G C
We know we ought to hate em; they re different, you see
C G C
We ve seen they re mean and ugly on movies and TV
F C G C
The folks that ought to know have told us how it s got to be
F C G C
The gospel truth is found in scenes from Alien and V

C G C
Let s wipe out any lifeform that seems to be a threat
C G C
We ll serve em up a genocide they never will forget
F C G C
Cause if we miss a couple, they ll breed a couple more!
F C G C
And soon we ll all be hating twice as many as before

C G C
You see, aliens can never be as good as humankind
C G C
A more delightful race than us you ll never, ever find
F C G C
So step aside, you star slime, we re ready for your worst!
F C F C
We know you want to beat us, enslave us and defeat us,
F C G C
Oppress us and browbeat us, unless we get you first!
