

When The Party's Over
Billie Eilish

[Intro] F

F Am C F
Don't you know I'm no good for you?

F Am C F
I've learnt to lose, you can't afford to

F Am C F
Tore my shirt to stop you bleeding

F Am C F
But nothing ever stops you leaving

F Am C F
Quiet when I'm coming home and I'm on my own

Dm Am C F
I could lie and say I like it like that, like it like that

Dm Am C F
I could lie and say I like it like that, like it like that

F Am C F
Don't you know too much already?

F Am C F
I'll only hurt you if you let me

F Am C F
Call me friend, but keep me closer (call me back)

F Am C F
And I'll call you when the party's over

F Am C F
Quiet when I'm coming home and I'm on my own

Dm Am C F
I could lie and say I like it like that, like it like that

Dm Am C F
I could lie and say I like it like that, like it like that

Dm Am C F
But nothing is better, sometimes

Dm Am C F
Once we've both said our goodbyes

G F
Let's just let it go

G F
Let me let you go

F Am C F
Quiet when I'm coming home and I'm on my own

Dm Am C F
I could lie and say I like it like that, like it like that

Dm **Am** **C** **F**
I could lie and say I like it like that, like it like that
