G **D** **C** **G**
Sing our songs of freedom and we sing our songs of peace
D **C** **G**
We sing about sweet harmony, for to make the fighting cease
G **D**
Let s sing one song for the folks tonight,
C **G**
That are sleeping on the streets,
D **C** **G** [riff]
Come on and sing their souls back home

C **G**
Oh, oh, won t you sing along with me?
C **D**
Come on, oh, oh, raise your voices now with me
C
And let them know that we want em back home
G
From wherever they may be
D **C** **G**
Come on and sing their souls back home

G **D** **C** **G**
The wind blew and the birds, they flew and they scattered everybody wide
G **D** **C** **G**
Gathered up their loved ones, they were running from the tide
G **D**
Now if we don t get these people back
C **G**
Well, I fear this town will die
D **C** **G** [riff]
Come on and sing their souls back home

C **G**
Oh, oh, won t you sing along with me?
C **D**
Come on, oh, oh, raise your voices now with me
C
And let them know that we want em back home
G

From wherever they may be

D **C** **G**

Come on and sing their souls back home

D **C** **G** **D** **C** **G** **CG**

Come on and sing their souls back home
