C **Em** **C7** **F** **Am**
Broken down in tiny pieces love ain't really all that much
F **C** **D7** **G7**
Just a song you used to whisper or a smile I try to touch
C **Em** **C7** **F** **Am**
Broken down in tiny pieces love ain't hardly worth the time
F **C** **G7** **C**
Just a nickel that I borrowed for a dream that cost a dime

F **E7** **F**
Take me back to where I started you can help me mend
C **G7** **C**
Here I am in tiny pieces please put me back together again

Em **C7** **F** **Am**
Broken down in tiny pieces love's a special kind of thing
F **C** **D7** **G7**
Like a snowball in December you remember in the spring
C **Em** **C7** **F** **Am**
And you were all that I remember of the things I tried to find
F **C** **G7** **C**
In between the broken pieces you keep running through my mind

F **E7** **F**
Can't you see I'll always love you it will never end
C **G7** **F** **C**
Here I am in tiny pieces please put me back together a-gain
