Verse One:

Like a summer breeze floatin cross the water
Softer than a whisper on my skin
I can t begin to tell you how it moves me
It s so intense, I burn within

When she gets close to me
My emotions break free
And I just want to hold on to her permanently
It s like nothin else my heart has ever felt
It s unbelievably heavenly
When she gets close to me

Verse Two:

She walks across the room just like an angel
And I get that funny feelin deep inside
Pulls up a chair and sits down at the table
I come to life, oh, there s nothin like

Repeat Chorus:

Oh, no one has ever touched me like this
Set me on fire with just one sweet gentle kiss
Amazing, that s what it is

Repeat Chorus:

Anywhere close to me
When she gets close to me
