Billy Joe Shaver - Star In My Heart  
(Tabbed By Martin Omland)

**C**                    **G**                    **F**  
You have to do the best you can  
**C**  
Good friend of mine  
**G**                    **F**  
Some day our paths may cross again  
**C**  
In a better time  
**G**  
I know  
**F**  
You know, you know you know that  
**C**                    **G**                    **F**  
I pulled the thorn out of your side  
**C**  
When I walked away  
**G**                    **F**  
I took the rock out of your shoe  
**C**  
On that very day  
**G**  
I pray  
**F**  
You ll forgive me for not leaving sooner

**C**                    **G**                    **F**  
You are the star in my heart  
**C**  
Guess you ve always known  
**G**                    **F**  
Though we are many worlds apart  
**C**  
I am still your friend  
**G**  
And friends  
**F**  
Will always be friends forever
