

## Tomorrow Is Today

Billy Joel

Verse 1:

**C**                    **F**            **D**  
I ve been livin for the moment  
**C**            **E**            **Am**    **G**  
But I just can t have my way  
**D**            **F**            **C**        **Am**  
And I m afraid to go to sleep  
              **F**        **C** **F** **D**    **G** **F** **C**  
Cause tomorrow is today

**C**                    **F**            **D**  
People tell me life is sweeter  
**C**            **E**            **Am**    **G**  
But I don t hear what they say  
**D**            **F**            **C**        **Am**  
Nothing comes to change my life  
              **F**    **C**        **F**        **G**  
So tomorrow is today

Chorus:

**F**            **G**            **F**            **G**  
I don t care to know the hour  
              **C**            **G** **Am** **G**  
Cause it s passing anyway  
**F**            **G**            **F**        **G**  
I don t have to see tomorrow  
              **C**            **G**        **Am**  
Cause I saw it yesterday

Verse 2:

**C**                    **F**            **D**  
So I listen for an answer  
**C**            **E**            **Am**    **G**  
But the feeling seems to stay  
**D**            **F**            **C**        **Am**  
And what s the use of always dreaming  
              **F**    **C**        **F**        **G**  
If tomorrow is today, oh

**C**                    **F**            **D**  
Still I m waiting for the morning  
**C**            **E**            **Am**    **G**

But it feels so far away

**D** **F** **C** **Am**  
And you don't need the love I'm giving  
**F** **C** **F** **G**  
So tomorrow is today

Bridge:

**G** **F**  
Oh my, goin' to the river  
**C** **Bb**  
Gonna take a ride and the lord  
**F**  
will deliver me  
**G** **F**  
Make my bed, I'm gonna lie in it  
**C** **Bb**  
If you don't come, I'm sure gonna  
**F**  
die in it  
**G** **F**  
Too late, too much givin'  
**C**  
I've seen a lot of life and I'm  
**Bb** **F**  
damn sick of livin' it  
**G** **F** **C**  
I keep hopin' that you will pass  
**C** **D**  
my way  
**G**  
And some day if your dreams are  
**D**  
leavin' you,  
**G** **G+** **Gdim** **G7**  
I'll still believe in you

Chorus:

**F** **G** **F** **G**  
I don't care to know the hour  
**C** **G** **Am** **G**  
Cause it's passing anyway  
**F** **G** **F** **G**  
I don't have to see tomorrow  
**C** **G** **Am**  
Cause I saw it yesterday

Verse 3:

**C** **F** **D**  
Though I'm living and I'm singing  
**C** **E** **Am** **G**

And although my hands still play

**D   F                      C       Am**

Soon enough it will all be over

**F       C   F       G**

Cause tomorrow is today
